

WRECK OF BOSTON TRAIN

JAMAICA PLAIN MAINTENANCE IN THE CRASH

ERIE, Pa., Dec. 14.—Three persons were killed and eighteen injured to-day on the Lake Shore Railroad at Northeast, Pa., in the wreck of three trains—the second section of the Twentieth Century Limited, the New York, Chicago and Boston special and a freight. The Twentieth Century dashed into two cars of the Boston special after the latter had crashed into the freight train.

The wreck occurred just beyond the siding at Northeast. The Boston special was being sidetracked to give the right of way to the limited train, but through a misunderstanding of orders the freight train was already on the siding. The special's last two cars did not take the siding, but were still on the main track when the Twentieth Century, speeding at the rate of sixty-two miles an hour, tore into them. All those killed and injured were in the two cars of the Boston special.

Three Men Killed

By what railroad officials consider a most remarkable chance no one in the Twentieth Century suffered any further than trifling bruises. The passengers were asleep in their berths and were violently shaken up, but so far as could be learned none of them was hurt enough to need the services of a physician.

There was a panic on this train until it was realized that no one was in any danger. Men and women rushed through the cars frantically, and many of them left their cars altogether to investigate.

The dead are:
FRANK BERNARD, 40-year-old, New York City.
JACK CLARK, 40-year-old, New York City.
ANTON LUND, 40-year-old, New York City.

The known injured are:
EDWARD L. CLARKSON, 35, 13 Boston place, Jamaica Plain, Boston, Mass., fractured leg, both jaws broken, internal injuries, will probably die.
LEWIS RUSSELL, fractured skull, will probably die.
AIDA DE LUIS, 40-year-old, New York, fractured skull and internal injuries, will die.

**NEW SUSPECT
IN ROYAL CASE**

FALL RIVER, Dec. 14.—Judge John J. McLaughlin of the Municipal Court today issued a writ to the attorney who is representing the Rev. James E. Chas. McLaughlin, to appear before him on Monday in St. Mary's Cathedral, to answer to the charge of having been in the room of the late John McLaughlin, who was killed in a recent house fire.

The Rev. Father Chas. McLaughlin, who was killed in a recent house fire, was the only person who was not killed in the fire. He was the only person who was not killed in the fire.

May I also be a part of it? I am not a part of it. I am not a part of it. I am not a part of it.

People Rise in Zelaya's Capital and Shout for United States Intervention—Dictator Is Hard Pressed.

Dispatches to-day from Vera Cruz, Mexico, say that Managua, the capital of Nicaragua, is in revolt. The rebel sympathizers, the reports say, have risen against President Zelaya and threaten him in the heart of his stronghold, according to dispatches received here to-day.

Crowds crying "Viva Estrada" and shouting for the United States and liberty marched through the streets of the capital to-day. The police made only feeble efforts when they acted at all toward suppressing the disorder.

It is believed that Zelaya is about to resign. He is said to have promised to publish his proclamation of abdication to-day.

Port Limon, Costa Rica, states that the population of Limon is in a state of revolt, according to the reports of the government. The government troops refuse to march against the rebels, who are in the hands of the rebels.

BOSTON MAN IS INJURED IN TRAIN WRECK

Continued from First Page.

rammed it. The gas filled the car, and it was only through the quick and heroic actions of the rescuers that many were not asphyxiated. The Boston special was crowded with passengers. It left Ashabulus, near Cleveland, behind schedule and it is estimated that this accounted for the freight train being on the siding at Northeast when the Boston train should have taken it to the city to the second section of the Twentieth Century train from Boston and Cleveland. When the Boston special dashed into the freight train, the passengers were hurled upon one another in fearful confusion.

A great many of the passengers labored on their way East, and they stricken with terror. They rushed to run to the cars, and it was not until the freight who had not been hurt up and entered the cars that any semblance of coolness was restored. But the passengers were not to be so easily deceived, and an investigation of the injuries when the limited train came rushing. The last two cars on the Boston up hill on the rails of the main tracks, dunted ahead like a catapult by the engine of the limited train and were from the rest of the Boston special. The engine of the Twentieth Century was

CHARGES CRUELTY IN DIVORCE SUIT

A divorce suit was filed with the clerk of the Superior Court at Dedham by Mabel E. Newton of Portsmouth, N. H., against her husband, Harry Newton of Brookline. She accuses him of "verbal and abusive treatment." She asks that her husband's estate be attached for \$10,000 so as to secure for her "suitable support and maintenance." The couple were married February 1, 1901, at Portsmouth, and lived for a number of years at No. 4 James street, Boston. They have no children.

"No, no," said French, "the water runs in his hair, but not in his skin. It is in two months," says J. J. Fourcroy, the noted French scientist. "Dry powder will not penetrate the hair, but the oil will. The hair to lose its color and in time become thin."

Altho' a man desiring abundant, lustrous hair should use a dry shampoo every two or three days. Mix four ounces of alcohol or spirits of wine with four ounces of ether. Strinkle about a tablespoonful of this mixture upon the hair, and rub it in with the fingers, pushing through the hair. This will keep it light and fluffy, and beautifully glossy. It will also keep the hair from starting to grow. This treatment is the only thing that I am sure will produce the hair of a young man.

While plain orange root is used as a dry shampoo with many women, it is

using the formula I have given."

**The Healing
Power of Pine**

If you have ever taken a walk through a forest of giant trees you will remember how, almost unconsciously, the hand was thrown back and limbs expanded as you stepped from one tree trunk to the next. A rigorous pine-laden air. How invigorating it was—how healing.

For the same reason, a few of pine have been recognized in medical practice for many years. For coughs and colds the best remedy is a half-ounce of Virgin Oil of Pine composed pure and eight ounces of pure water. For asthma, a half-ounce of pine oil, diluted with a glass of water, taken three or four times a day, will break a cold, and a half-ounce of pine oil, diluted with a glass of water, taken three or four times a day, will break a cold, and a half-ounce of pine oil, diluted with a glass of water, taken three or four times a day, will break a cold.

For the cure of the genuine Virgin Oil of Pine composed pure being put up for distribution by the Leach Chemical Company.

A Modern Fable
THE YOUNG MAN AND THE NUMBSKULL

==Rv HARRY T. GEORGE==

It is generally conceded that the Boston American has a greater circulation than all the other Boston evening papers combined, and that it is as strong in Boston in the evening field as, for example, a paper of the combined strength of the Evening Journal and Evening World would be in New York city, or the Evening American and Evening News in Chicago.—*Advertiser's Magazine*.

A six-panel comic strip titled "THE MATTER WITH ME DOC., I FEEL ALL RUN DOWN!".

Panel 1: A man in a suit and hat stands looking distressed. Speech bubble: "I DON'T KNOW WHAT'S THE MATTER WITH ME DOC., I FEEL ALL RUN DOWN!"

Panel 2: The same man lies on his back on a lounge chair, smoking a pipe. Speech bubble: "YOU OUGHT TO DO AS I DO—TAKE A DIP IN THE SURF EVERY MORNING!"

Panel 3: A second man, wearing a striped swimsuit and a towel around his waist, approaches. He has a speech bubble saying "OH THAT WOULDN'T BOTHER ME ANY—I'LL GO DOWN WITH YOU TOMORROW MORNING!"

Panel 4: The first man, now dressed in swim trunks and a swim cap, walks towards the beach carrying a briefcase. He says, "I'M ONLY WORRYING FOR FEAR IT MIGHT NOT BE COLD ENOUGH!"

Panel 5: The second man, still in his swimsuit, holds a beach axe and looks excited. He says, "WE'LL HAVE A FINE CRISP MORNING FOR OUR PLUNGE!"

Panel 6: The first man is bent over, using the beach axe to break through a thick layer of ice on the water's surface. He complains, "THE ICE IS PRETTY THICK THIS MORNING!"

Panel 7: The second man runs away quickly, shouting, "I DON'T THINK I NEED COLD BATHS, DOCTOR! I FEEL BETTER ALREADY!"

Panel 8: The first man stands alone on the beach, looking dejected. The second man lies face down in the water nearby. A speech bubble from the second man asks, "AIN'T YOU COMING IN?"

The signature "Eno Hager" is at the bottom right.
